First Responders'
Mental Health Urgent Care

No appointment necessary.
Open afternoons, evenings and
weekends.

About Us

The Yolo County First Responders' Mental Health Urgent Care is here to support our community. We know that the need for mental health services can sometimes be unexpected, and that urgent situations often arise during the evening and weekend hours. Our Urgent Care is a place where our residents can go for healing and support while they address a mental health crisis.

Our multi-disciplinary team offers crisis assessment, medication intervention, and referral to other community services, along with planning for a safe discharge for every person who visits the Urgent Care.

Services Offered

Our Urgent Care team will provide a combination of the following services to each person who walks in the door, based on their individual needs:

- Crisis assessment and supportive counseling
- Medication intervention (starting July 2018)
- Referrals to other local community services
- Safe discharge planning

Our Staff

Our multi-disciplinary Urgent Care team includes a range of trained professionals who will work to address each participant's unique needs.

- Clinicians trained in crisis intervention
- Nurse Practitioners (starting July 2018)
- Case Managers familiar with local resources
- Peer Support Workers for a warm connection

Who We Serve

Our services are available to individuals experiencing a mental health crisis in Yolo County, including those who are insured through Medi-Cal, or those who do not have insurance at this time. Services are available to those brought to the site by a first responder, law enforcement officer, family member or friend, and to those who self-refer.
